Professional Summary

Graphic Designer and Front-End Web Developer with over a decade of experience creating responsive websites and visual designs. Proficient in HTML, CSS, JavaScript, and Bootstrap, with familiarity in the MERN stack (MongoDB, Express.js, React, Node.js) and AWS. Multimedia designer across diverse industries, focused on delivering high-quality work efficiently and reliably.

Work Experience

Graphic Designer & Freelance Front-End Web Developer

Feb 2024 – Present

- Develop and customize landing pages and one-page websites for clients using HTML, CSS, and JavaScript.
- Produce graphic materials and key visuals for corporate AVPs and events.
- Provide visual playback support during live events.
- Collaborate with clients to deliver tailored design and web solutions.

Front-End Web Developer | EMAPTA Versatile Services Inc. (Client: Extu), Makati City, PH

Oct 2021 – Feb 2024

- Developed and maintained responsive, campaign-focused landing pages using HTML, CSS, JavaScript, and Bootstrap, optimizing performance, ensuring cross-browser compatibility, and improving accessibility.
- Designed and delivered branded, campaign-specific digital assets including banners, emails, interactive PDFs, and animated GIFs aligned with brand guidelines.
- Optimized page performance, ensured cross-browser compatibility, and improved accessibility.
- Created and shared code snippets to improve team efficiency.
- Collaborated with the Content Manager to refine layouts, suggest improvements, and improve landing page design and functionality.

Freelance Graphic Designer | Monkey Fist Productions Inc.

June 2020 - Oct 2021

- Designed virtual event stages, set layouts, marketing materials, and key visuals for corporate events.
- Produced storyboards, visual guides, and graphics for corporate audiovisual productions (AVPs) and animations.
- Created presentation decks for product launches and keynote speakers.
- Developed webinar key visuals and templates for a pharmaceutical company during the COVID-19 pandemic.

Front-End Web Developer & Designer | Tata Consultancy Services (Client: Hibu UK), Taguig City, PH

Jan 2013 – May 2020

- Converted design mockups into fully responsive websites on Duda CMS with custom HTML, CSS, and JavaScript.
- Conducted cross-browser testing and checked responsiveness to ensure performance and accessibility.
- Performed QA before submission to ensure all deliverables met high-quality standards.
- Designed responsive websites with user-focused layouts and visuals.

- Collaborated with UK-based teams on site improvements and amendments to deliver polished, production-ready websites.

Multimedia Designer & Web Administrator | SixStar DJ Inc., Los Angeles, CA, USA

Mar 2011 – Feb 2012

- Created marketing materials including magazine ads, store banners, trade show displays, and catalogs.
- Designed product packaging and ensured consistent branding.
- Coordinated with printers and oversaw production of marketing materials.
- Managed the e-commerce website and handled product listings and updates.
- Uploaded and maintained product listings on Amazon.
- Conducted product photography for online and print use.
- Redesigned the company website to improve navigation and appearance.
- Managed the company's Facebook page by posting updates, events, and promotions.
- Answered customer inquiries by phone, providing product information and support.

Graphic Designer | 18 August Advertising & Promotions, Makati City, PH

Mar 2008 – Mar 2011

- Designed logos, brochures, product detailers, and promotional materials while adhering to strict corporate branding guidelines.
- Created key visuals to establish the overall event theme, along with designs for booths, stages, and event sets.
- Developed storyboards and produced artwork for audio-visual presentations, designed the overall look, and prepared assets for animation and editing.
- Collaborated with directors and writers on creative development.
